Have a blessed week!

This past week we enjoyed Pastor Kevin visiting our classroom. He spoke with the children about the importance of the cross. He also talked about baptism and explained what it means to us and how it is performed.

We also enjoyed our final gymnastics class with Ms. Marcy. The children enjoyed their time with her. If you are interested in gymnastics for your child with Ms. Marcy, information was sent home Friday about registration.

Mid First Bank visited our school on Friday. They came to support the Heifer mission project. They donated \$ 1, 000 dollars towards the money we have raised as a school. The children were each given a cup of coins and dumped them into a coin collection machine that the bank brought to the school. They loved it! I am proud to say that our

class doubled our goal of \$30 for honeybees. We will now be able to purchase two honeybees for the Heifer project. Thanks for the support. You are awesome!

This week we will finish up our transportation theme. We will be talking about trains. The children created a train station in the home living center. They created a ticket counter and gathered luggage for a train ride.

We will also continue to work with shapes. We will be identifying and drawing shapes. We will be constructing trains out of different shapes.

This week during Jesus Time we will be talking about Jacob and his favorite son Joseph, as well as the jealousy that his brothers had towards him. **Genesis 37** (NIV)

**BUT THANKS BE TO GOD! HE GIVES US THE
VICTORY THROUGH OUR LORD JESUS CHRIST!
I CORINTHIANS 15:57**
